(c) greater than 1,000 GRT

4. For each size class, the formula for calculating the fee shall be:

$FEE = \text{average regional catch per vessel} \times \text{average price of tuna} \times 5\%$

5. Subject to paragraph 8, the regional catch per vessel for each size class shall be calculated as the average of the catches of each vessel in that size class in the preceding year or, where a 3 month regional access licence is applied for, the average of the catches of each vessel in that size class in the preceding year divided by four.

6. The average price will be calculated by the Administrator on the basis of the average price for the preceding twelve months at the major markets. The source of market information will be reviewed at each Annual Meeting of the Parties.

7. The fee shall be paid in two equal instalments. The first instalment shall be paid on application for a regional access licence and the second instalment shall be paid upon expiry of the licence period. In addition, an observer levy of US\$2,400 per vessel per year shall be payable upon first application for a regional access licence in any twelve month period.

8. During the period commencing from the date of adoption of this Arrangement until the date of the first Annual Meeting of the Parties pursuant to Article 8, the fee calculation formula set out in paragraph 4 shall be modified by using estimates of the expected regional catch of each size class of vessel as follows:

Size class	Regional catch
less than 700 GRT	1,700 mt
700 - 1,000 GRT	2,000 mt
great than 1,000 GRT	2,500 mt

9. Twelve months following the date of adoption of this Arrangement the Administrator shall reconcile the payments made according to the modified formula set out in paragraph 8 against an amount equivalent to 5% of the realised average value of the catch of each size class based on the catch data supplied pursuant to this Arrangement. If the initial fee paid was lower than the amount needed to provide a fee of 5% of the average value of the catch, vessel operators would be required to make an additional payment. SCHEULDE 2
